6013 - A Wonderful Feast of Tabernacles!

Dear Th**INK**ers,
6013 was a blessed Feast of Tabernacles here at TRI Headquarters! We were witness to the epitome of Christian character and society. What a peek into the Kingdom of YHVH! In spite of all the new facilities, there were few problems and everything seemed to work very well. In fact, the building and grounds are better than ever due to your efforts. A great big **THANK YOU** to all who helped make this Feast of Tabernacles a **RED LETTER** event!

Pam and I had hoped to have the new book **Think Red Ink** ready for distribution as a Feast surprise; however, due to time constraints it remains unpublished. It is our hope that with one final edit it will be ready soon.

Also, look for LIVE PROGRAMMING to resume soon! RLE will resume our journey through the RED LETTERS every weekday morning at 6 AM (Mountain Time).

Some are wondering about "Escaping the Christ-INSANITY" video from the meeting in Las Vegas last spring. Unfortunately, production was halted due to loss of audio during a portion of the recording session. Don't worry though...we plan to broadcast excerpts on TRI TV. Look for the segments!

As the cold weather approaches, it is our intention to build a few NEW

radio and TV programs to make available to stations around the world! WATCH for updates!

Finally, let me once again express my appreciation for your care and concern over my personal health since my stroke last year. In spite of some lingering issues, I'm grateful for the ability and opportunity to continue sharing the **RED WORDS** to you who Th**INK** red Ink!

Notes to
Don & Pam

Thanks again for your love and kindness. It was a great feast! Love, (NM)

Glad to see all is well with you two. We wanted to thank you for disc 2 in the "overtaken" series, anxiously awaiting the next to see what the antichrist looks like! Don said there will be a picture of it, this will be interesting. We want also to encourage you and Don in the ministry. The joy you two produce in our life is a great relief for us, knowing that us four, (and more), are on the same page, struggling with the masses and paying the price is terrific. As always we wish you the best,

[SUBSEQUENT TO RED LETTER EDITION RADIO & RECEIVING DVD] I see Don is very passionate about what he speaks of the Lord. How refreshing for us to experience this. We find the imagined fairy tale is like seeing a pretty bouquet handed to us, then grabbing the stems only to find the thorns enclosed within the bundle. Be assured, there are no thorns in the bundle you hand out. How refreshing.

We offer our encouragement to you both. Have a great trip to Texas and safe return. Oh, and the picture of antichrist... we would have been disappointed if it was any other picture, good for you.

Thank you for all the materials you have sent us, we are very appreciative for your sharing. Be assured we listen to everything and have yet to question any of the content. People need this message at this time for there are many, many who will be overtaken and caught unawares very soon. Thank you again for what you are able to do through following Him and fulfilling His needs. We would find it difficult expressing the joy we feel in what you do for Christ. With Him in mind, (CO)

May our Father bless you in your work and in your free time, may He bless your marriage, your friendships, your encounters with opposition, when you lie down and when you rise up. Thank you for fighting the good fight, your brother in Yeshua (WA)

You guys say, "There's something wrong with you," like no one else! I am grateful. (NM)

My wife listens to Don's live show and I usually listen to them on the archive since I am usually at work by 4 am. Thank you for all that you do. (GA)

...Thanks a million....I appreciate both of you & your ministry, keep up the good, truthful Work. YAH's Grace is sufficient!!!! (TX)

We got a lot out of the [The Red Letter Edition – LIVE show with James Lloyd] and it was nice to have received his newspaper so we could read the articles there as well. It gets a little confusing when he goes so in-depth on some things, but WOW! The parts we can keep up with are really good and we have a clearer understanding of Israel and the (corporate 501c3) church for sure! We eat the meat & spit out the bones, and maybe as our understanding grows or as God reveals things to us there will be fewer bones and more meat! We have gleaned yet more new understanding on the rapture from your recent programs - thank you so very much. We are blessed to know you! (NE)

I already receive your e-zine. Just really updating my info and requesting some material. Thank you so much for such a fantastic ministry. (NC)

First heard you on KKVV 1060 AM the message on corban. I was trying to watch the RLA video "On Guidance," but it kept hanging up...Very excited about teachings. Can't wait to hear more. (NEW – LAS VEGAS, NV)

(FROM FACEBOOK) Thank You Thank You For Everything We Miss You Already And We Love You Very Very Much. Can't Wait For The Next Feast Of Tabernacles You Are Our Family Thank You Again And Have A Good Day We'll Keep In Touch love you...(NV)

I just wanted to let you know how much I am enjoying Don's teachings. I've watched The Second Exodus (going to share with kids

(Continued on page 6)

Red Letter Edition

(Continued from page 5)

and grandkids), On Guidance (printed out the Character/Motivation notes), next is On Prayer or Parable Paradox, not sure which. Thanks for making these teachings available. I was in what I call the Sunday church for 40 years then moved over to Messianic Judaism. I STILL don't have the Truth. Don's quiz [THE PARABLE PARADOX DVD] blew my mind. I'm starting to check the definitions on words. (NV)

Shalom! [We] are looking for some feast information so that we can make a decision about where to attend this year. We need information about accommodations. Are there RV sites with full hook ups? We need prices. Do we need to make a reservation for an RV site? How large is the feast site and about how many people usually attend the feast at this site? Are small dogs welcome? We used to watch you on GLC and we miss you! Thank you so much for your help and information. May God continue to bless you and your works. (UNKNOWN LOCATION)

...We absolutely love TRI studios and property! Can't believe how much work had been put into the place. Also please pass along to the folks still there that [my wife] and I don't hang out with many people these days for various reasons, but the Thinkers up there were some of the nicest people we have ever met. We thoroughly enjoyed meeting them all and having great conversations. We talked about the Ozarks, Alaska, gardening, music....it was great. The night sky...I don't have words. Pam the eggs were excellent!! (TX)

...My heart has been deeply impressed with our need for a VERY personal relationship with our Creator. In all of the high energy commentary offered on your show, one thing I find refreshing is that your heart/message is focused on pointing people to their need for that personal relationship. I truly love this. I am reminded that it is the Holy Spirit who converts the hearts and minds. Let's not expect that those who hear your show will be converted but rather that they will seek God in His Word and in Prayer, that they will understand they must patient, respectfully waiting upon God for His answer. His Word is Spirit, so it's a good place to look but without the Holy Spirit they can never understand the message or receive the answer with joy and thanks giving. Thank you, (ID)

I sure enjoyed Tabernacles and appreciate you having us on the property! Now back to the world of everyday living but blessed knowing I have a Spirit inside me to guide me through it.
Love ya! (NM)

I have been listening to you on my iPod and I just keep learning so much. Would you please send me your DVD's on prayer, the word of God, Red letter questions...I just can't get enough of what you are teaching. I have so very many questions in my head and you have answered them for me...I just want to know the truth. GOD BLESS YOU BOTH!!! (TX)

We just want to thank you for the blessed opportunity of being out there at the TRI property. The scenery was gorgeous. This was the first time we celebrated Sukkot outside our own backyard. ... It was fulfilling to put faces with names from the chat room. All the hugs were probably the best part...The "ThINKing Family" sure does have some great cooks too. (NM)

(9/11/2013) The Red Letter Edition – WEEKDAYS! message today I would consider to be one of the top ten that I have ever heard in my live. I would suggest putting it on a CD as a standalone message. "Does my comfort with my Lord bear witness to the truth?" Thank you, (VT)

THE VOIR DIRE - Part III

The depravity of man is at once the most empirically verifiable reality, but at the same time the most intellectually resisted fact. Malcolm Muggeridge

any times it is man's inhumanity to man (the stories of holocaust or world war) that are used to depict man's depravity. However, it is not how man treats those he hates that exemplifies man's depravity - it is how he treats those he claims to *love*. It is not man's propensity to destroy his fellows that should gain our attention - it is his *incapability* to love them.

Jesus, fascinated with fallen man's ridiculous prejudices, truthfully answered the question, "Who is my neighbor?" by telling a story that exposed previously unnoticed filigree. He wanted the man to learn that his bias to hate prevented him from loving even those who prove to be his benefactors. Such a nonsensical posture could never properly be examined without coming face to face with our helpless depravity.

The following excerpt is

from the life story of Mel Trotter, founder of City Rescue Mission, Grand Rapids, Michigan, who wrestled with alcohol in the younger years of his life:

Trotter returned home after one period of drunkenness and discovered his two-year-old dead. Believing that he bore the responsibility for the child's death, he considered suicide. He stood beside the coffin and swore that he would never touch liquor again. Two hours later he was staggering drunk. Hopping a train, he landed in Chicago in January 1897 where he sold his shoes to buy another drink...
