*What did Jesus Say?*

## Think Red Ink Ministries News & Happenings

*...How well I remember Christmas at home, when my Dad would sit at the foot of the tree and give out gifts - never failing to remind us of the greatest gift of all - Jesus who had left His throne in Heaven and submitted Himself to be born of a virgin "on this very night" many years before.*

*Christmas was thoroughly "Christian" in our home. We knew nothing of the Feast of Tabernacles or the coming of Messiah that was to fulfill the ancient prophecies. I struggle yet today in fond reminiscence of these wonderful days of love and true worship.*

*Was our "worship" acceptable in the fog of our ignorance?*

### *In One Accord? (Part 3)*

Last RLEzine, I mentioned that there was a fatal flaw in the popular Messianic Doctrine. I also pointed out that if we take it as read that the prevalent Messianic teachers are correct in their assumption about the Brit Hadasha, i.e. that the "New Testament" is not a "new" covenant at all but a "re-newed covenant", it remains contingent upon us to ask, "Which covenant has been renewed?"

This question is quickly answered by leaders and by those versed in the doctrine, "Why, the Mosaic covenant, of course!" (By this they mean the covenant of Laws given to Moses.)

I have been commissioned (it seems uniquely commissioned) of the Lord YHVH in this matter. I speak with authority because I know within myself that it is the truth and the rejection of it may cost you your very soul. Accept or reject it, but you will reject it at your own peril.

The covenant upon which our salvation is based IS NOT the Mosaic covenant. It cannot be. The Mosaic covenant is an interruptive, stop gap measure that YHVH put into place to maintain a relationship with a gainsaying, argumentative and stiff-necked people who had no ability to serve their God in grace and truth. "For the law was given by Moses, but grace and truth came by Jesus Christ." John 1:17 You may not "take or leave" this truth and remain theologically accurate in your thinking or worship.

I do not stand alone or upon my own revelation in this matter. The Apostle Paul preached this doctrine in its entirety, yet it continues to go unheeded, misunderstood and many times, twisted (wrested) into a doctrine that he did not preach.

### *TRI Thinker's Thoughts...*

With Special Thanks! You have done it again! During my last wondering if I would ever get it right - along comes Red Letter Edition - that again frees me from any doubt! I hope I am done straining out gnats and swallowing messy-antics. ...You continue to bless me each time I have doubt. Bless you, my Brother!!

...my first marriage failed. Neither one of us knew how to communicate and he being an alcoholic could not help himself, and I being a so called Christian should have had God's guidance but I was not surrendered. I was "justified" in shutting off my love and attention due to his apparent lack of concern for my feelings and desires. I felt I had no choice but to leave. Now I see where I "had a choice" and did not see it. Too concerned with my own hurts to see that he too had many. How sad.

...I am reminded continually - *"If I were dead, buried, how could I possibly get upset about anything said or done to me?"* ...As I have said before, and I continue to say it now - each day I ask our God to watch over Don Harris and do for you all that He knows you need done. And as you request - that all you do, you do for the right reason. Christ in me/you/us, the hope of glory!!!

I pray that you are doing well. I thank you for your insightful understanding of the scriptures and the way you are able to explain, to us simple people, what you have gleaned from them. I will have to go back and read this Ezine a few more times to allow it all to sink in. I appreciate all what you do. Please know that there are countless others like me who, even if they don't contact you, have been changed for the better. We all move at a different pace, but at least now we are moving in the right direction. Thanks again and hope to see you soon.

HEY DON: Wonderful to see all the happenings at TRI! Wish I could be there. But, I do join you every day in spirit! My heart aches when people scoff and ridicule the "Red Words" More and more I find Paul's letters taken as Scripture as opposed to The Red Words! People are just not interested and continue with Sunday church attendance! It's kind of lonesome here on the retirement estate. I have a couple of Jehovah Witnesses as neighbour's. They invite me for afternoon tea occasionally. The conversation always refers to Their Bible but I, always through YHWH's Spirit manage to stand my ground! Do you have any advice for me?

~ ThINKer in SA

REPLY FROM DON: It is wonderful to have things happening at TRI - things that cannot happen without those who support this work. We must endeavor to "encourage one another and not forget the [day of judgment which is to come]." I find the Jehovah's Witnesses to have much understanding about the Kingdom of God and the world to come. As I told my host on a recent interview, there are many paths that lead to salvation, it is our job to keep going as the Spirit leads and guides. My advice is to love your neighbor.

Quote from FB Thinker post:

"Tired of lying, smooth talking preachers?? Call 605-562-8074 and listen as Mr. Don Harris shreds the lying, hypocrites who tell you fairy tales about a god that doesn't even exist, to keep your butt in that seat and your dollars in the collection plate.

No plea for money, EVER. No soft words, no pampering, just the facts from the Red Letters in your Bible. 605-562-8074 is the number for the listen line, it goes 24/7 with a live show at 6:00AM Mountain time.

You can listen online, over the phone or through the TRI app. There's even a TV program. He's not going to talk to you as if you hadn't the sense to think for yourself. Just listen."

"Thanks for sharing, my friend. You cannot be to direct or too passionate when lives are at stake!"

Aquaponics Corn & More!

Green beans to the top!

New seed bed table!

### *TRI Greenhouse is a happening place!*

The corn is tasseling, the cucumbers are blooming, the beans are climbing to the top of the greenhouse! Peppers are making and green tomatoes are on the vines. Carrots are reaching out of the soil! Farming is quite amazing. If I calculated correctly, we should also have fresh cantaloupe for Tabernacles!

The tilapia are surprising. They have grown so much since the pictures last month. The fish tank does not allow for good photography. - you'll just have to come and see them for yourself! The plants in the aquaponics seem to be getting by just fine on the fish-water. The plants use the fish water, the grow-bed cleans and oxygenates the water for the fish.

**Red Letter Edition - LIVE!**

**Red Letter Edition Weekday** programs air Monday - Friday at 6 AM MT (most days are live!). It would be great to know you are listening. Write a letter via snail mail. Send an email. Log in to the chatroom. It is an encouragement to me (and to other THINKers) to know you stand with Think Red Ink.

**Red Letter Edition Sunday** program airs at 9 AM MT. The gospel of Jesus Christ is the heart of the message at Think Red Ink. There are so many things that Jesus had to say "to us" and "for us" for our benefit in this life and the life to come. Do you know we must "strive to enter in" and "endure to the end"? Most places you hear only what is broken - Red Letter Edition tells you how to "fix it."

Busy at these air times? **Think Red Ink television and radio are available 24/7/365 at [ThinkRedInk.com!](http://ThinkRedInk.com!)**
