## Worship in Spirit and Truth

### The Biblical Christian's Duty

Does the Bible ever say that anyone who neglects the Lord's Supper or avoids baptism in water, even that same soul shall be cut off from among His people? I have not found it! Still more people believe in the **essential** nature of communion than ever keep the Creator's calendar of events.

They argue about obscurities, like:

- Can we use grape juice instead of wine?
- Does it have to be wafers bought at the Christian bookstore or will saltines do the trick?
- Can the bread have leaven or not?
- Was Judas in the room?

***Are you wondering just what the Biblical Christian's duty is toward this holy day that approaches?***

THINK **RED** INK PRESENTS . . .  
"THE WORDS OF JESUS"

I'm excited to share this new series based on "The Words of Jesus" with you. We will revisit the authority of Jesus Christ, the Word of God. We will explore the red words of the Scriptures and some black words too. We will cover the story of Jesus, his life, his

friends, his ministry as recorded in the four gospels.

*"We heard from many people who missed your broadcast. Welcome back to KAZQ." Brenton Franks*

On March 26, I was a guest on the KAZQ Spectrum program. It was a great opportunity to visit with Hosts Brenton and Ruth Franks and to invite the Albuquerque audience to our Christian Passover Event. TRI will make this interview available on YouTube so you can share our excitement and invite your friends to join us.

You can watch "The Words of Jesus" program on your local KAZQ or affiliate channel or [KAZQ online](#) at 3:00 pm MT Monday through Friday. There will also be a "best of" or "Special Presentation" at 3:00 pm MT on Sundays. If you have to be away, set your recorder/TIVO. Don't miss anything Jesus has to say!

This opportunity is possible because of those who are faithful in giving tithes and offerings to Think Red Ink Ministries. Your support not only pays the broad-cast fees, but also encourages me, and gives witness to YHVH of your commitment to partner with Think Red Ink.

Thank you.  
Don
